**CITATION AND ORDER**

**Exceeding Signal Leakage Limits in Aeronautical Bands**

**Adopted:** June 10, 2013

**Released:** June 10, 2013

By the Resident Agent, Miami Office, South Central Region, Enforcement Bureau:

**I. INTRODUCTION**

1. This is an official **CITATION AND ORDER** (Citation) issued pursuant to Section 503(b)(5) of the Communications Act of 1934, as amended (Communications Act or Act),<sup>1</sup> to Parkway Inn Motel. Specifically, Parkway Inn Motel is being cited for failing to notify the Commission before operating a multichannel video programming distributor (MVPD) system with a carrier in the aeronautical radio frequency band, in violation of Section 76.1804 of the Commission's rules (Rules),<sup>2</sup> and for exceeding cable signal leakage limits in aeronautical frequency bands in violation of Section 76.605(a)(12) of the Rules.<sup>3</sup>

2. Notice of Duty to Comply With Laws: Parkway Inn Motel should take immediate steps to come into compliance and reduce excessive signal leakage, and to avoid any recurrence of the misconduct described herein. Parkway also must immediately register as an MVPD and file FCC Form 321.<sup>4</sup> Parkway Inn Motel is hereby on notice that if it subsequently engages in any conduct of the type described in this Citation, including any violation of Sections 76.1804 and 76.605(a)(12) of the Rules, it may be subject to civil penalties, including but not limited to substantial monetary fines (forfeitures) and seizure of equipment. Such forfeitures may be based on both the conduct that led to this Citation and the conduct following it.<sup>5</sup>

---

<sup>1</sup> 47 U.S.C. § 503(b)(5).

<sup>2</sup> 47 C.F.R. § 76.1804.

<sup>3</sup> 47 C.F.R. § 76.605(a)(12).

<sup>4</sup> Form 321 is an Aeronautical Frequency Notification Form, which must be submitted electronically via the Cable Operations and Licensing System Website (COALS). See <http://www.fcc.gov/forms>.

<sup>5</sup> See 47 U.S.C § 503(b)(5). See also S. Rep. No. 95-580, 95th Cong., 1st Sess. at 9 (1977) (If a person or entity that has been issued a citation by the Commission thereafter engages in the conduct for which the citation of violation was sent, the subsequent notice of apparent liability "would attach not only for the conduct occurring subsequently but also for the conduct for which the citation was originally sent.") (emphasis added).

3. Your Response Required: Pursuant to Sections 4(i), 4(j), and 403 of the Communications Act,<sup>6</sup> we also direct Parkway Inn Motel to respond in writing, within thirty (30) calendar days after the release date of this Citation, and signed under penalty of perjury, with descriptions of the specific action(s) taken or planned to correct the violations and preclude recurrence of the violations, and also a timeline for completion of any pending corrective action(s).

## II. BACKGROUND

4. On May 8 and 9, 2013, an agent from the Enforcement Bureau's Miami Office (Miami Office) conducted an investigation and found Parkway Inn Motel, located at 777 Curtiss Parkway, Miami Springs, Florida, utilizing a non-cable MVPD system at its facility. The agent also found that the Parkway Inn Motel MVPD system was using aeronautical frequencies, but had not filed an FCC Form 321 to notify the Commission of its operation in the aeronautical band. The agent further found that the Parkway Inn Motel MVPD system was emitting a radio carrier signal above allowed limits on frequency bands utilized by aeronautical services. On May 8, 2013, the agent from the Miami Office conducted field strength measurements on the aeronautical band frequency 121.2625 MHz at the southwest corner outside of the Parkway Inn Motel and measured an emission of 513 microvolts per meter. On May 9, 2013, the agent returned to the motel and conducted field strength measurements on the aeronautical radiocommunication band frequency 235.2625 MHz at another external location in the center driveway of the Parkway Inn Motel and measured an emission of 1,659 microvolts per meter.

## III. APPLICABLE LAW AND VIOLATIONS

5. The Rules provide that cable and non-cable MVPDs that transmit carriers with certain characteristics within frequency bands of 108-137 MHz and 225-400 MHz must comply with specific technical requirements delineated in the Rules in order to avoid interference to other licensed operations, including aeronautical systems operating in these frequency ranges. In particular, Section 76.610 of the Rules provides that all MVPDs (cable and non-cable) transmitting carriers or other signal components carried at an average power level equal to or greater than  $10^{-4}$  watts across a 25 kHz bandwidth in any 160 microsecond period, at any point in the cable distribution system in the frequency bands 108-137 and 225-400 MHz for any purpose, must comply with, among other requirements, Section 76.605(a)(12) of the Rules.<sup>7</sup> Parkway Inn Motel was required to comply with this Rule because the MVPD system at its property in Miami Springs, Florida, transmits a carrier at an average power level equal to or greater than  $10^{-4}$  watts across a 25 kHz bandwidth in any 160 microsecond period, and carries signals in the 108-137 MHz and 225-328.6 MHz aeronautical bands.

6. Section 76.605(a)(12) of the Rules provides that signal leakage from a cable television system: (1) between 54 MHz and 216 MHz shall be limited to 20 micro-volts per meter, measured at three meters and (2) less than or equal to 54 MHz and more than 216 MHz shall be limited to 15 micro-volts per meter, measured at 30 meters.<sup>8</sup> At the time of the investigation, an agent from the Miami Office conducted field strength measurements on the frequencies 121.2625 MHz and 235.2625 MHz at three meters from the MVPD external coaxial cabling at the Parkway Inn Motel, and measured emissions of 513 and 1,659 microvolts per meter, respectively, which exceeds the field strength allowed on those frequencies by the Rules.

---

<sup>6</sup> 47 U.S.C. §§ 154(i), 154(j), 403.

<sup>7</sup> 47 C.F.R. § 76.610.

<sup>8</sup> 47 C.F.R. § 76.609(a)(12) ("less than and including 54 MHz, and over 216 MHz, signal leakage limit 15 micro-volt/meter, distance in meters 30; over 54 up to and including 216 MHz, signal leakage limit 20 micro-volt/meter, distance in meters 3").

7. Section 76.1804 of the Rules requires that an “MVPD shall notify the Commission before transmitting any carrier or other signal component with an average power level across a 25 kHz bandwidth in any 160 microsecond time period equal to or greater than  $10^{-4}$  watts at any point in the cable distribution system on any frequency or frequencies in the aeronautical radio frequency bands (108-137 and 225-400 MHz). The notification shall be made on FCC Form 321.”<sup>9</sup> At the time of the investigation, Parkway Inn Motel was using frequencies in the aeronautical band, but had not notified the Commission as required. Based on the foregoing evidence, we find that Parkway Inn Motel violated Sections 76.1804 and 76.605(a)(12) by failing to notify the Commission of its operations and by exceeding cable signal leakage limits.<sup>10</sup>

#### IV. REQUEST FOR INFORMATION

8. Pursuant to Sections 4(i), 4(j), and 403 of the Communications Act,<sup>11</sup> Parkway Inn Motel is directed to describe the steps it has taken or plans to take to come into compliance with the Commission’s cable signal leakage and notification rules, as well as a timeline for any pending corrective actions, within thirty (30) calendar days after the release date of this Citation. A failure to respond in writing, or an inadequate, incomplete, or misleading response, may subject Parkway Inn Motel to additional sanctions.<sup>12</sup>

#### V. RESPONDING TO THIS CITATION

9. In addition to the required written information described in paragraphs 3 and 8, above, Parkway Inn Motel may, if it so chooses, respond to this Citation—challenging the factual and legal findings herein—within thirty (30) calendar days from the release date of this Citation either through (1) a written statement, (2) a teleconference interview, or (3) a personal interview at the Commission Field Office nearest to your place of business.

10. If you would like to arrange a teleconference or personal interview, please contact Steven DeSena at (305) 994-1642. The nearest Commission Field Office is located in Tampa, Florida. Such teleconference or interview must take place within thirty calendar (30) days of the date of this Citation. If you would like to submit a written response, including any supporting documentation, you must send the response within thirty (30) calendar days of the date of this Citation to the contact and address provided in paragraph 11, below.

12. Reasonable accommodations for people with disabilities are available upon request. Include a description of the accommodation you will need, and include as much detail as you can. Also include a way we can contact you if we need more information. Please allow at least five (5) business days advance notice; last minute requests will be accepted, but may be impossible to fill. Send an e-mail to [fcc504@fcc.gov](mailto:fcc504@fcc.gov) or call the FCC's Consumer & Governmental Affairs Bureau:

For sign language interpreters, CART, and other reasonable accommodations:  
202-418-0530 (voice), 202-418-0432 (tty);

For accessible format materials (braille, large print, electronic files, and audio format):  
202-418-0531 (voice), 202-418-7365 (tty).

13. Please be advised that it is a violation of Section 1.17 of the Commission's rules (47 C.F.R. § 1.17) for any person or a staff member of that person to make any false or misleading written or oral statement of fact. Specifically, no person shall:

(1) In any written or oral statement of fact, intentionally provide material factual information that is incorrect or intentionally omit material information that is necessary to prevent any material factual statement that is made from being incorrect or misleading; and

(2) In any written statement of fact, provide material factual information that is incorrect or omit material information that is necessary to prevent any material factual statement that is made from being incorrect or misleading without a reasonable basis for believing that any such material factual statement is correct and not misleading.<sup>13</sup>

14. Further, the knowing and willful making of any false statement, or the concealment of any material fact, in reply to this Citation is punishable by fine or imprisonment under 18 U.S.C. § 1001.

15. If you violate Section 1.17 of the Commission's rules or the criminal statute referenced above, you may be subject to further legal action, including monetary fines pursuant to Section 503 of the Communications Act.<sup>14</sup>

16. Under the Privacy Act of 1974, 5 U.S.C. § 552a(e)(3), we are informing you that the Commission's staff will use all relevant material information before it, including information that you disclose in your interview or written statement, to determine what, if any, enforcement action is required to ensure your compliance with the Communications Act and the Commission's rules.

<sup>13</sup> 47 C.F.R. § 1.17.

<sup>14</sup> 47 U.S.C. § 503.

**VI. FUTURE VIOLATIONS**

17. If, after receipt of this Citation, Parkway Inn Motel again violates Sections 76.1804 and 76.605(a)(12) of the Rules by engaging in conduct of the type described herein, the Commission may impose monetary forfeitures not to exceed \$16,000 for each such violation or each day of a continuing violation, and up to \$112,500 for any single act or failure to act.<sup>15</sup> For instance, the Commission could impose separate forfeitures for each day on which its MVPD system exceeds cable signal leakage limits. Further, as discussed above, such forfeitures may be based on both the conduct that led to the Citation and the conduct following it.<sup>16</sup> In addition, violations of the Communications Act or the Rules also can result in seizure of equipment through *in rem* forfeiture actions,<sup>17</sup> as well as criminal sanctions, including imprisonment.<sup>18</sup>

**VII. ORDERING CLAUSES**

18. **IT IS ORDERED** that, pursuant to Sections 4(i), 4(j), and 403 of the Communications Act, Parkway Inn Motel must provide the written information requested in paragraphs 3 and 8, above. The response to the request for information must be provided in writing, signed under penalty of perjury by an authorized official at Parkway Inn Motel with personal knowledge of the information and representations provided in the written response, and must be received by the FCC within thirty (30) calendar days after the release date of this Citation and Order.

19. **IT IS FURTHER ORDERED** that a copy of this Citation and Order shall be sent both by First Class U.S. Mail and Certified Mail, Return Receipt Requested, to Parkway Inn Motel at 777 Curtis Parkway, Miami Springs, FL 33166.
